Place, date: _____

Signature: _____

Information on the lease of an unfurnished room / apartment

Everyone currently enrolled in a fulltime programme of the public educational institutions of north-western Switzerland or entering one within the next three months can apply for our service. Please note that our unfurnished shared apartment rooms can only be leased for a minimal rental period of one year. For a shorter stay, we can offer you furnished accommodation.

Please find some general information about our application procedure:

Application fee

As soon as we receive your application fee of CHF 30.00, we will send you a list with the current offers. You can then contact the other occupants of the shared flat of your choice directly and arrange a meeting with them. The occupants of our shared flats decide amongst themselves who should join them. When you have come to an agreement with your future flatmates, they must inform us that they have chosen you to join them.

Your application is valid for one year. During this period of time you can request an updated list of our offers by mail.

No-Show

A no-show in case WoVe prepares a rental contract for a person that has applied for a room, which is not accomplished, a fee of CHF 100.- comes due. Thereof the application fee is deducted.

We would appreciate it if you do notify us timely, in case you found another living arrangement. This helps us to keep our lists updated and also assists others in finding an accommodation.

PhD students

PhD students are charged a monthly solidarity fee of CHF 50.-, unless they can prove that their income, including all scholarships, grants and similar, does not exceed CHF 2'500.- per month. Some student apartments are reserved for bachelor- and master students only.

If you have any questions that are not answered here, please see more information online at www.wove.ch or email info@wove.ch.
